Each trial is BEFORE THE GREEK PEOPLE and every decision executed IN THE NAME OF THE GREEK PEOPLE!

The website [www.karate.gr](http://www.karate.gr), as a continuation of the over 17 years issued monthly sports magazine "DYNAMIC JUDO-KARATE" (1977-1994), is a "personal journalism site", written by the leading expert in the specific field of karate, but not operational mass media within the meaning of Law 3310/2005. Find persons considered here are proven public figures and deemed for acts and omissions in the areas of their public powers in the wider boundaries of critical evaluation, as required to safeguard the public interest in the sport, which Greek taxpayers pays so much!!!

**Beheading of the international karate official George Yerolimpos  
by the World Karate Federation!!!**

**Yerolimpos has been declared by the WKF as "Persona non Grata"  
namely "Unacceptable Person" worldwide!!!**

**(The present publication is an inseparable part of the known chapter of interrelated articles about 2000 pages!)**

Copyright © 1945-2045: Thymios Persidis, Fraud hunter out of Hobby!  
Founding member of HKF, former Gen. Secretary, President and Hon. President!  
CSI (!) of all kinds of sports crimes!  
The Terror of sports charlatans of every level and capacity!!!  
Fault-finder of pay-offs and illegalities of the HKF directing officials!!!  
We even .... drink a little blood ... as it may happens!!!

Any charge brought by the slanderer Yerolimpos against anyone is invalid  
and any of his testimony in any trial is unreliable.

The WKF 2014 World Championships took place in Bremen, Germany from November 5<sup>th</sup> to 9<sup>th</sup>, 2014, with the participation of more than 900 athletes from about 107 countries. At the General Meeting (Congress) of the representatives of those 107 countries New Members Elections for the WKF EC took place as well, in which the Hellenic Karate Federation [HKF (ELOK in Greek)] Honorary President George Yerolimpos, who barely managed to submit his candidature for the WKF EC despite his repeated punishments by the latter,

a) Firstly: Was NOT elected and

b) Secondly and UNPRECEDENTEDLY: by decision of the 107 countries WKF Congress representatives he was declared "PERSONA NON GRATA", namely "UNACCEPTABLE PERSON", which means that he has been PERMANENTLY AND FOR EVER EXPELLED BY THE WORLD KARATE with the most shameful expulsion, which is henceforth stuck as a permanent smear to him, to the Hellenic Karate Federation and to Greece!!!

In the present phase it is worth noticing the official behavior of HKF towards its "Honorary President"! As a national federation-member of the WKF, HKF owes to abide by the WKF decisions, strip Yerolimpos off his "honorary title" of Honorary President and forbid him any participation, even ... visual, namely "not even peep", from any event of the sport in Greece (competitions, events, meetings, general meetings, etc.)!!!

Naturally, this actually "ETHICAL DISCIPLINARY DECISION) of the WKF Congress not only does it eliminate the future sports activities of Yerolimpos but it also eliminates its positions in the entire globe of Greek Sports, his whole sports life until today, his doing, his collaborations, his collaborators, his judicial cases, his oppositions to his adversaries or/and litigants and to anything that George Yerolimpos has done in his life!!! In two words, the Hellenic Olympic Committee should EX OFFICIO strip him off his Sportsman Status, because with his actions he has internationally offended the Sports Spirit and the Greek Sports!!!

From the WKF Congress: On the podium is the president of the WKF Antonio Espinos Ortueta, on the screen is the IOC president Thomas Bach and somewhere in the crowd you will find like in a magic picture the heads of Yerolimpos and Dimitriadis!!! Representatives from 107 countries decided to label George Yerolimpos as "Persona non Grata" for the World

**Karate!!!** From this decision one draws the conclusion that, in the opinion of all who vote, Yerolimpos had created an anonymous website (as I describe below) from which he was anonymously slandering the President, the EC and the entire WKF! They did not need a Court to take that decision given the fact that they are the Court for matters of the world federation and its sport, while at the same time they impose the strictest penalty for an international sports official and they evaluated that this penalty was exactly right for Yerolimpos' concurrence of offences!!!

In two words they have labeled Yerolimpos "world sports sediment" with repercussions for HKF and Greece!!!

### MINUTES OF THE GENERAL ASSEMBLY

As one would expect, although I have been evidently and beyond question the only one crying out about all that for twenty years and to everybody (!!!), this fact has caused me ... a great affliction and ... may be damned whoever says differently!!! I have ... wept my eyes out! I have no more ... tears to shed! I am ripping my ... clothes! Etc, etc.....!!!

This tragic event has affected my liver, kidney, blood-sugar, bloodpressure and ... big toe! All of you who sympathize with me, let's sing together about our pain, just like our ancient ancestors did, and let's dance - to the rhythm of the contemporary philosopher ... Nikos Papazoglou - <http://www.youtube.com/watch?v=KhdqowGXDkE> , our sorrow for the ... tragic loss of this unique idle of Greek Sport, who has always aspired to be worshipped by ... Buddha and who was judging everybody like ... Koudas!!! ..... We will have ..... fish for dinner!!!!

Let's see below the changes in the WKF Executive Committee as shown in its website:

- A) Before the conflict between Yerolimpos and WKF, Yerolimpos was mentioned on the left-hand side board in the position of the General Secretary.
  - B) After the conflict (July 2013) and before the 4/11/2014 elections, on the left-hand side board Yerolimpos has the top bottom place of a member (to the very end!)
  - C) Finally, after the 4/11/2014 elections (and the end of the championships) we can observe that Yerolimpos ... has been ... dematerialized from the WKF Executive Committee members board! He was erased FOR EVER!!!
- I am giving these for the Super-Idiots to whom he was telling that he would soon be ... President of the WKF and jackasses were... buying it!!!

At this point allow me to describe and interpret some important events from Yerolimpos' sports life providing a short history on the proceeding of the ... deceased! A detailed description about the investigator-reader is available in Greek by clicking here

<http://www.karate.gr/14elok/140cont.htm> !!!

I would like to point that during the centuries two historians have stood out for their ... twenty-year History Monuments they bequeathed to the next generations: Homer for Iliad, Odyssey and Master-crafty Udysses and I for ... HKF-iad and the Master-charlatan Yerolimpos!

George Yerolimpos is the most charismatic Sport Super-charlatan I have ever met!

He has the ability of selling ... ice cubes to Eskimos! Even the very idea of ... water-melons in shape of cube in order not to ... waste capacity in the transportation packages was his, but the very last minute the ... Japanese stole it from him and the sell it themselves!

SAMURAI magazine published only this issue in 1995 paid by HKF.

In Karate he started as a competitor and evolved to top official, with cheating of course, but all is allowed in the Charlatans Paradise game called HKF!

His favorite slogan was the famous "I am doomed to succeed"! This disaster of a slogan is used by the Neodemocrats party when they pretend to be neo-philosophers!!! And it worked, because with his karate charlatan collaborators he was controlling the karate clubs, and with those clubs: a) he was controlling HKF, b) he snapped out the Hockey federation through which he became and NOC member, c) he founded the Curling monkey-federation, d) he snapped out the Triathlon federation and e) he remains an NOC member through the latter.

In his long efforts he had always the support of the second Super-Charlatan of the family, his wife Emmanouela Pontida-Yerolimpos, HKF EC member and DC member of the current Karate Trainers School, which has recently ruined and who is praising her husband's high ideals by posting on Facebook comments like the one on the right-hand side of Kazantzakis philosophy!

In high society ... we read Kazantzakis!

Since Yerolimpos dominated Greek Karate (nothing easier since both his friends and adversaries are happy with their ... corn!!!), he headed and rushed into the WKF World Karate! He took the position of the WKF General Secretary and brought the Secretariat Office to Greece! Rumor has it that the expenses of the Secretariat Office were covered by both the WKF and the General Secretariat for Sports (GSS) since we have many ... assholes in General Secretariat of Sport (GSS) too!!!

One  ,

a thousand  ...

and  one Euro

DYNAMIC Publications Athens, 2004

For the last twenty years I have been writing about all these in detail in the sold out book for Super-Charlatans, but all politicians were parts of the scheme!!!

With Yerolimpos' domination method the HKF was full by Chimpanzee-Karate trainers....

Orangoutang-Athletes and Monkey-officials all ...

... under the orders of a Bully Crested Hen !!!

Even the HKF Disciplinary Committee was composed by well-known Lawyers-Macaques ...

... who administered the justice of ... Macaques as per Yerolimpos' instruction!!! (Don't get me wrong: Macaque is a well-known kind of apes!)

The fairy-tale of the happy Little Red Riding Hood continued that way for many years! Yerolimpos was pumping HKF and the other federations that he had, meanwhile ascending to the world karate Dom! He took his first striking false step, though, when he was Sports Director (since 1996) in the Athens 2004 Olympic Games Organizing Committee.

**«FILATHLOS» - 18-02-2004, ATHENS, GREECE - WORLDWIDE SCANDAL - Official complaint made to Gianna [Angelopoulos] by an American company. - A high-ranking executive of "Athens 2004", formed a duet with an international con-man, and proposed to us to create a company in order to undertake together the security of the Athens Olympic Games.**

**«FILATHLOS» - 19-02-2004, ATHENS, GREECE - GIANNA SENT AWAY Yerolimpos as guilty according to the charges of the American businessman. - She sends the file to the public prosecutor. - Even the CIA and the FBI dealt with this case.**

Yanna threw him in the garbage but he managed not to have great financial and moral losses, because his expulsion was relatively close to the days of the Athens Olympic Games (August 2004) ... while at the same time our Little Red Riding Hood continued her fairy-like life undisturbed in the world karate field in the position of the WKF General Secretary!

But every Little Red Riding Hood has a Bad Wolf that puts an end to her fairy-tale, who was meant to come in the person of the WKF President Mr. Antonio Espinos Ortueta, Yerolimpos' close collaborator of for twenty years, in an unprecedented conflict between the two men!!!

The conflict came when Yerolimpos, through his site on Facebook [https://www.facebook.com/wkf.campaign?hc\\_location=time\\_line!](https://www.facebook.com/wkf.campaign?hc_location=time_line) accused Espinos and the other WKF EC members of corruption and intertwining interests.

**Cartoon like this one (and the following) and even worse texts appear on the Facebook anonymous account that everybody knew it belonged to Yerolimpos and you can see them by clicking here!**

The texts are translated in all languages for readers all over the worlds using the "approximately translating" GOOGLE program ...

**But he did that in a particularly foul way! He created an ANONYMOUS account on Facebook, where he was insulting and libeling Espinos, the WKF EC and many others for corruption and intertwining interests, as shown in the next summary:**

... even in Chinese and Japanese, throwing Yerolimpos' mud towards all directions, ...

... in order to cause the greatest possible damage to President Espinos and his collaborators!!!

And all that were done by and international range official, who not only did he represent his National Federation but also his Country!

Ο ΑΝΩΝΥΜΟΣ ΒΛΟΓΓΕΡ ΤΥΡΟΒΛΕΙ ΟΤΟΥ ΝΑΝΑΙ!

The result of it was to confirm once more that anonymity is nothing more than ... giving a gun to an orangoutang: he starts shooting around indiscriminately, even at himself!!!

And yet, many times those nice animals have a superior philosophy than humans ...

... a philosophy that, as proven, the Grand-official of International Karate does not have!

Because the Super-charlatan Yerolimpos forgot that in the world that he lives, the Big Fish eats the Small ... (or did he thing that he was the .... Biggest Fish???)

... and he, the Snail, ... kept on ... sliding on the Razor's Edge until the day of the WKF elections, ...

**NOPE**

... when he literally "froze" by the result ...

... which, instead of "Good Bye Espinos" from the presidency, that he desired and spread ...

... turned out to be "Good Bye Yerolimpos FOR EVER" from World Karate!!!

Even if you like bananas, when you eat them from the wrong side and all at once ... they will stick!!!

Let alone that some people in the Congress fell about with laughter

....

... given the fact that the general opinion of the 107 (except 4-5) national federations' representatives was "AOUST"!!!

Enough with words!!!  
Kaleviotika (big and special) cucumbers should ... take the floor!

We are now talking about a "SPORTS DEAD"! Even the well-known fashion gay philosopher Lakis Gavalas ... shuddered saying: "The only thing I regret is that I ... depilated today and I cannot ... enjoy the thrill!"

Yerolimpos of course does not know where to hide!!!

The famous band ... Dirge Singers of Mani (Greek town) composed for his sake ... "The Karate Dirge" ....

... while a special Limo was called up for the Deceased!!!  
The news travelled all the way across the world, even to places not yet reached by civilization!!!

News agencies were broadcasting: "Sinemabugu, nagaga ...."  
(Translation: "From the three, ... the longest ....")

".... Maniaki Gero tubeki, tabuka Karate, tabakata!"  
(Translation: "It's what Yerolimpos got during Karate elections!")

And it was followed by the festive ... Dance of Fire....  
as it is the custom in such cases!!!

Yerolimpos' puppets in HKF froze ....

... after the indescribable and eternal ice bucket!!!

The moral and sports ruin called Hellenic Karate Federation has disclosed its rotten foundations!!!

This is not a sports federation!  
This is a ... potato!!!

Once again we witness the results of the indifference and nakedness of the General Secretariat for Sport (GSS), that "supervises" Greek sports from ... Phuket islands on the other side of the planet ....

... along with the complete corruption and intertwining of its entire political heads without any exception!!!

For example I indicate the above shown useless, friends, "protectors" of Yerolimpos, Orfanos and Koukodimos, but I mean everybody with no exception!!!

Those gentlemen have better not to forget that the tie, the lamé suite and their ... underwear are paid by the Greek people so that they do their job for which they are proven PERJURERS!!!

Let's focus now on HKF:

**Ηράκλειο: Ο σείχης Μανσούρ φόρτωσε στο learjet ΟΚΤΩ... ΚΟΤΕΣ!**

I almost got me a ... pace-maker when I read the above mentioned news a few days ago: "Sheikh Mansour took 8 hens"! I thought, he did took the HKF EC!!!

But no such luck!

The HKF EC is here and flourishing! They eat for free at the Trainer's School ...

... they make history by not providing the financial statements of HKF's events!

They organize competitions, seminars and trips and they collect through the "Laundries" of SPORTDATA, "Elpida Star Tours" and other methods...

... and in general they "choke" a .... canary every day and they ... spit out ... the feathers without leaving behind any trace!!! Or so they think!

The moment when the clubs, the athletes and their families are all out of money due to the prolonged economic crisis ...

... the HKF EC has put of HKF ... six teats (like the three of the lady on the right-hand side, now imagine another three on the ... back!!!) and milks from all six!!!

They account for nothing, note even the Trainer's School from which, rumor has it that Mr. Big got 20.000€, ...

... while there are enormous holes in its finances for TWENTY YEARS!!! Be careful not to fall inside!!!

Robberies have increased lately: when they ask 20 € per athlete at gun point ...

... for participation in competition and 20 € per coach to be allowed in the competition area ...

... things totally anti-constitutional and ILLEGAL !!! They play the hot potato from hand to hand ...

... risking the GSS to put up the shutters of HKF! And the chicken-clubs accept all these!!!

You all need some smacking!!! And not a simple one, a long lasting one, because you have the whole responsibility for the creation of this CORRUPTION MONSTER since you are also a part of it!

But for how long? The right Public Prosecutor will be found and he will put you on the stand ...

... and when he opens the "HKF File" and investigates the assumption of responsibilities, then many mothers will cry!!!

Meanwhile I have ... imported from the ... American Indians the above shown furniture, ten items, for each of the bellow shown interested persons and their collaborators in the Fraud Pyramid they have set up! We should not be left without appropriate seats during the preliminary inquiry!!! Therefore, a Public Prosecutor is wanted in order to investigate the financial crimes in the HKF management committed by the following "sport criminals" .....

The result will be equal to the WKF Congress' decision on Yerolimpos!!!

HKF will risk closing down!!!

The Super-Charlatan will be vanished from sports!!!
