- 3.1 Information Resume**

What is the WIKF?

The Wado International Karate-Do Federation (WIKF) or Wado Kokusai Karate-Do Remni was founded in 1991 by Professor Tatsuo Suzuki 8th Dan Hanshi in order to protect the essence of Wado Ryu Karate-Do as taught to him by the founder, Hironori Ohtsuka. Ohtsuka Sensei's death, discussions took place involving him and Eiichi Eriguchi (then chairman of the Wado Kai) in which it was made clear that Ohtsuka Sensei wished to have Tatsuo Suzuki become his Successor. Suzuki Sensei was diffident about accepting the honour, claiming instead that it should pass to Ohtsuka's son. However, after Ohtsuka Sensei's son took over, there were many political and technical Problems in America, Europe, and Japan. Many inconsistencies with Kata and techniques began to Evolve. Suzuki Sensei tried to reunite the Wado organizations on several occasions only to have them Resume their bickering as soon as he left Japan. Suzuki Sensei's growing dissatisfaction with the way things were proceeding and his realization that his time was limited, made him decide to take a different route to preserve Ohtsuka Sensei's teachings.

**TATSUO SUZUKI**  
**CHIEF DIRECTOR**

This was the reason he decided to start his own international Wado-Ryu organization. He is the only Man left who has studied intensively with Ohtsuka Sensei during his peak performance years, from fifty to seventy years old.

The WIKF is established in 51 Countries and is organised into three Regions, Europe, Pan America and Asia. The WIKF is the largest out of the three main Wado groups. Suzuki Sensei is loyal to the man Who taught him, the founder of Wado-Ryu, the late master Ohtsuka. Suzuki Sensei will not allow the style to be changed. His is the original Wado-Ryu as taught To him and as it will always be taught whilst he remains a Grand Master and Founder.

**JON WICKS**  
**8th Dan W.I.K.F.**  
**WORLD CHIEF INSTRUCTOR**

Dear WIKF Family,

This is our first European Championship without our beloved Sensei. I am sure He will be watching us so we must ALL work together to make this our Best and Most Successful European Championship.

I would like to take this opportunity to congratulate and thank Mr. Bouloubasis and the Greek W.I.K.F., for hosting our 16th European Karate Championship.

I know from past experiences what hard work hosting these championships involves. I would like to thank all the referees, timekeepers and scores etc., for their help during this event.

I wish all the participants every success in the competition. Please remember there can be only a few winners, but it is not always about winning. It is the taking part with the true W.I.K.F. spirit, one special Wado Kokusai family.

Good Luck to all of you.

Jon Wicks

8th Dan W.I.K.F World Chief Instructor

**BOULOUBASIS CHRISTOS**  
**7 DAN W.I.K.F.**  
**CHIEF INSTRUCTOR GREECE**  
**PRESIDENT OF THE HELLENIC KARATE FEDERATION**

On behalf of the Greek Organization of W.I.K.F, I welcome you to the 16th European Championship W.I.K.F of 2012.

This event is the beginning of a new era for our organization.

It is one year after the great loss for all of us, and still with us, remains in our sub conscience one of the words of our beloved teacher.

It is the first European Championship where the absence of Suzuki more “alive” than ever, speaks to us about the “spirit” and the “road” we must follow.

Here, in the special city of Chalkida, in the country of Greece which undergoes great difficulties every day, athletes, young people, adolescents and children, teachers and coaches, officials and referees as well as the tournament administrative assistants, will try as best as possible to show what WADO KARATE is and what it stands for; as “Martial Art”, as “Sport” and finally as “a way of life”.

Show your diversity through the competition; show your uniqueness, through your effort.

What matters is your participation and the greatness of the sport itself.

YOU ARE ALL UNIQUE,

GOOD LUCK TO ALL AND TO EACH AND EVERY ONE OF YOU

# Chalkida - Evia

Chalcis or Chalkida ( /ˈkælsɪs/; Modern Greek: Χαλκίδα [xalˈciða], Ancient Greek/Katharevousa: Χαλκίς), the chief town of the island of Euboea in Greece, is situated on the strait of the Evripos at its narrowest point. The name is preserved from antiquity and is derived from the Greek χαλκός (copper, bronze), though there is no trace of any mines in the area. In the late Middle Ages, it was known as Negropont (Italian: Negroponte, "black bridge"; Greek: Νεγροπόντε), a name that was applied to the entire island of Euboea as well.
